

## AMARINTH AND ETHOSENERGY FORM STRATEGIC ALLIANCE FOR DELIVERING PUMP SOLUTIONS IN THE UAE

Amarinth, a world-leading, net-zero designer and manufacturer of low lifecycle cost centrifugal pumps has announced a strengthened partnership with EthosEnergy to deliver regional product and after sales support of Amarith's range of oil and gas pumps in the United Arab Emirates.

EthosEnergy, with over four decades of experience in the oil and gas sector, aligns seamlessly with Amarith's commitment to excellence. As the leading independent provider of rotating equipment services, EthosEnergy offers a full range of solutions including repair, optimisation, upgrades and replacement parts for onshore and offshore field services.

EthosEnergy's proven track record in upstream, midstream, and downstream processes makes it the ideal partner for delivering regional product and after-sales support for Amarith's proven range of oil and gas pumps that are used in the most challenging environments across the Middle East.

This strategic collaboration further underlines Amarith's investment in the regional oil and gas sector, emphasising its commitment to in-country support through expanded facilities. Building on EthosEnergy's existing knowledge and expertise, Amarith will equip engineers with relevant training, ensuring they have the necessary skills to maintain Amarith's recognised standards. In turn, EthosEnergy will contribute local personnel and state-of-the-art facilities in the UAE to provide seamless technical support.

Oliver Briggins Shaw, Managing Director of Amarith, expressed his enthusiasm for the collaboration, stating: "We are delighted to sign this agreement with EthosEnergy, expanding our in-country presence and enabling us to deliver more local high-quality support to organisations operating in this region. Whether they require new Amarith pumps, cost-effective replacements, or refurbishment of existing pumps, our partnership with EthosEnergy ensures unmatched excellence in product and service delivery."

"EthosEnergy has built a reputation for exceptional service and expertise in the UAE's oil and gas sector," said Mario Cincotta, Executive VP – East Hemisphere at EthosEnergy. "Partnering with Amarith allows us to leverage our combined strengths and deliver unparalleled product support and after-sales solutions to our customers. Together, we'll ensure local teams have the training and resources required to maintain Amarith's renowned pump technology, maximising uptime and efficiency for regional operations."
